How to Play a Chapman

1. Player A and B each hit their own ball off the tee.
2. Second Shot: A hits B's ball and B hits A's ball.
3. Third Shot: the two players must now select one of the two balls. The ball selected will be used to complete the play of the hole. The third shot must now be hit alternately. (If player A hit the ball selected to its present position, then B must now hit the third shot or vice versa.)
4. The fourth, fifth, sixth, etc, shots must be hit alternately until the hole is completed.
5. One player never hits two shots in succession. (Penalty: 2 strokes and shot must be replayed by the correct player.) Penalty strokes do not affect the order of play.
